Description

UNDER CONTRACT

Step aboard this exquisitely maintained 1988 Hans Christian 41T. 'Tradition of Queenscliff' is a masterpiece extensively fitted out for serious cruising. This yacht has proven her mettle, having gracefully sailed through the pristine waters of New Guinea's Louisiades and New Caledonia.

The craftsmanship is exceptional, with meticulous attention to detail throughout, including a stunning interior crafted from luxurious Burmese teak. Having undergone a recent refit the yacht features new flexi-teak decks, offering the classic look and feel of real teak with the enhanced durability of modern materials.

For sustainable and off-grid cruising, the yacht is equipped with solar panels and a wind generator, ensuring you have a reliable and renewable energy source. A full North Sails cruising wardrobe includes Mainsail, Genoa, Staysail and MPS, all in great condition. A 75hp Yanmar diesel ensures fast passage making and manoeuvring is effortless, thanks to the bow thruster, allowing you to navigate tight spaces with ease.

Modern navigation electronics, radar, and AIS have been installed, providing you with the latest technology to navigate confidently on your voyages. The fridge and freezer ensure your provisions stay fresh, even on extended journeys.

The electric head, tiled shower and marble benchtops add luxurious touches that make you feel at home, while the new upholstery provides fresh and comfortable seating throughout. Full cockpit covers offer protection from the elements for you and your guests. For long passages, the wind vane steering provides reliable self-steering, further to the electro hydraulic autopilot.

This yacht is truly offshore equipped, ready to take you to the farthest corners of the globe. The level of care and investment in this vessel is evident in every detail, offering you a turn-key solution for your cruising dreams.

There's simply too much to list here—this Hans Christian 41T is a must-see for any serious sailor. Contact us for more details and to arrange an inspection in Sandringham VIC.
