Description

**** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)****

'Fidra' is a 2006 Hanse 370e listed exclusively for sale with YOTI on Pittwater.

Representing a hugely successful model globally by the German manufacturers, the 370e's still prove to be extremely sort after. The 'e' represents the epoxy used in the hulls layup making for a lighter / stiffer / stronger and virtually osmosis proof hull for life. Fidra is the two cabin option consisting of the generous owners cabin forward, good sized saloon opposite dual seating which doubles as the nav area, impressive head and shower (with solid shower screen), a big extended galley leading to the internal access to the storage garage (also accessible via the cockpit) and finally the second large double cabin.

Fidra has enjoyed a huge list of recent upgrades. The cruising gear is genuinely comprehensive and makes the yacht ready for blue water sailing now - Fidra only recently returned from East Coast and South pacific circuit including Fiji and New Zealand. Just some of the recent upgrades include:

- New sail wardrobe in 2022 by North Sails including new main, gennaker, genoa and staysail (all new headsails are furling, and the staysail uses a removable inner forestay).
- New standing rigging 2021 including running rigging, carbon pole, and furler.
- New Spectra water maker 2022.
- New Sarca Excel anchor and chain along with new anchor winch 2022.
- Big electrical upgrade including lithium house battery and associated new chargers and inverter, new solar charging system, Iridium Go and 5G router with mast top aerial, induction cook top, new auto-pilot unit.

The safety package is impressive and includes life raft and lots of custom equipment. There is a Zodiac tender included in the package. The mainsheet is naturally controlled by the helm on an upgraded traveller. Being a Hanse she has a self-tacking jib track so Fidra can be easy set up to sail shorthanded.

Maintenance history is refreshing with Fidra having been just anti-fouled in April 2024. Most sea-cocks were new in 2021. Manuals, invoices, and a detailed vessel details document are included.

Fidra would suit those wanting to step onto a blue water ready cruiser or simply those seeking a well maintained very popular model. A huge amount of thought and research has gone into making Fidra safe, easy, and ready to go.

Contact Peter for further details and to arrange inspection on Pittwater.
