Description

Huge Price Reduction: AUD \$925,000

'Spaceboy' is a 2021 Lagoon 42 listed exclusively for sale with YOTI on Pittwater.

With over 1000 Lagoon 42's built; this is the most successful cruising catamaran of all time. The 42 represents a modern cruising catamaran with class leading features. The mast was moved back to allow for a large self-tacking headsail and easy to manage mainsail. Stepping from the dock or a dinghy is easy with the extended transoms. Then there are only two steps to the cockpit which flows at a single level to the interior through the wide sliding doors. Walking around the side decks, up to the helm, and even up to the large hard-top bimini is safe and simple.

'Spaceboy' is the sought after three cabin or owner's layout. The master cabin and head / shower take the entire starboard hull and includes generous storage plus a neatly installed washer / dryer. In the port hull is the aft VIP cabin, a third forward double cabin, and two private heads with showers. The saloon and cockpit spaces are perfectly proportioned surrounded by clear views.

Instrumentation is by B&G and includes two plotters, AIS, and auto-pilot. The davits with Highfield aluminium hull RIB are easily operated using the electric winch. The additional spinnaker / Code 0 winches are fitted and a bow sprit is included with 2:1 spinnaker halyard. Spaceboy has been regularly and professionally maintained. The last anti-foul was October 2023. The interior is fresh and light with the White Alpi cabinetry.

Upgrades include the larger 57 Hp Yanmar engines with folding propellers, full teak in the cockpit, cockpit cushions (+ helm cushions and forward sun lounges), increased house battery bank, additional fuel and water tanks (600 L fuel and water), square top mainsail, electric winch, electric quiet flush toilets, and BBQ on custom stand. There is a solid safety inventory including life raft and EPIRB.

'Spaceboy' presents in excellent condition and is available for inspection on Pittwater. Contact us for further details.
