Description

** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)**

Lying at Hamilton Island, 'OOROO I' is a 2013 Lagoon 450F exclusively listed for sale with YOTI, Australia.

This much sought-after Owners 3 cabin version was sailed by her first owner in the 2014 ARC Rally from Europe to the Caribbean before arriving in Australia in 2018.

This vessel was specified for long-distance cruising; upgraded 54hp engines, 11KW Onan genset, 3Kva inverter/charger, bow thruster, additional fridges/ icemaker, 100l/h watermaker, front loading washer/ drier, full reverse cycle air conditioning, a little over a1000w solar panels and full Victron 800 a/h Lithium battery installation (Sep '22).

Her tender is a Highfield 350 RIB with a 30Hp Suzuki outboard and steering console, stored on davits with a dedicated electric manual winch for easy retrieval.

The comfortable flybridge, with excellent all-round visibility, is shaded by a large bimini that may be fully enclosed. Her instrumentation includes twin Raymarine Hybrid plotters and I70 Multi displays at the helm and nav station, class B AIS Transceiver, Radar and FLIR night vision camera. All sailing controls are led back to powerful electric Harken winches within easy reach of the helm. Uniquely, she has an in-mast furling mainsail, which makes for easy sail handling. There is a Parasailor Spinnaker for downwind performance and a code 0 on a removal furler. All her standing rigging has just been replaced in May '23.

The interior is light oak for a contemporary feeling of space and light. In the Saloon, the large L-shaped settee with table and galley is to starboard, and the navigation station with Raymarine plotter, instruments and steering joystick is to port. The U-shaped galley with Corian tops has lots of counter space, a 3-burner gas hob and oven with grill, a fridge and freezer and another dedicated drinks drawer fridge in the cockpit.

All cabins are air-conditioned ensembles with large hull windows and overhead hatches to ensure ventilation, light, and space. The spacious owner's cabin covers the starboard hull and can be closed with a sliding door. Aft is the island-style double berth, midships a desk, wardrobe, sofa and up forward the large head with enclosed shower. The port aft cabin features the same size island berth, with plenty of storage, an ensuite head, and a partitioned shower. The port forward twin berth can be made into a double with a small infill.

Her current and only second owner purchased her in 2018 and had her maintained and serviced/ improved by marine professionals. OOROO 1 has been slipped for her annual antifouling, Propspeed and hull polish (Jul '23).

This well-presented and fully optioned blue water cruising catamaran, in good condition, is turnkey and ready for her next adventure. Please contact Robert Vrind for more details and arrange inspection at Hamilton Island, Queensland.
